

The AirCheckTexas - Drive a Clean Machine Repair and Replacement Assistance Program is designed to help vehicle owners comply with vehicle emissions standards to reduce ozone-forming exhaust from on-road motor vehicles. It focuses on the highest emission vehicles and provides an incentive for citizens to contribute to the regional air quality solution.

Vehicle owners whose vehicles are registered in Williamson County may be eligible for repair assistance of up to \$600 towards emission related repairs. Replacement assistance is available for owners whose vehicles and household income meet program requirements.

2010 Net Income Requirements:

Size of household and maximum Net Income per Year	
1	\$32,490
2	\$43,710
3	\$54,930
4	\$66,150
5	\$77,370
6	\$88,590
7	\$99,810
8	\$111,030
Over 8	Add \$11,220 for each additional member

This income guideline will be in effect thru March 2011 or when the guideline changes are posted by TCEQ

NOTE: The value of a replacement vehicle may affect eligibility requirements and/or benefits for financial assistance programs, such as Temporary Assistance for Needy Families (TANF). Please contact your case worker if you have any questions.

Requirements for Repair Assistance:

- Vehicle must have failed an emissions portion of the inspection and passed the safety portion within 30 days of application.
- Vehicle must be currently registered in the Williamson County and has been registered for 12 consecutive months preceding the application submission.

If qualified, the following Repair Assistance is available:

- Up to \$600 for diagnostic test and emissions repairs

Requirements (current vehicle) for Replacement Assistance:

- Vehicle must be 10 years or older
- Vehicle must have passed a safety and emissions inspection within 15 months preceding the application.
- Vehicle must be currently registered in the Williamson County and has been registered for 12 consecutive months preceding the application submission.

If qualified, the following Replacement Assistance is available:

- \$3,000 for an eligible* car (includes SUVs and minivans) that is 3 years old or newer: or
- \$3,000 for an eligible* truck that is 2 years old or newer: or
- \$3,500 for a hybrid* vehicle that is 1 year old or newer

**Eligibility is based on the EPA's Federal Tier 2 Bin 5 or Cleaner Emissions Standard. Visit www.driveacleanmachine.org for a list of eligible vehicles. Purchase price of vehicle must be \$25,000 or less before tax, title and license.*
