WELCOME TO THE WILLIAMSON COUNTY VETERANS TREATMENT COURT

Welcome to the Williamson County Veterans Treatment Court (“WCVTC”). This handbook will provide you with a description of what is expected of you as a Veterans Treatment Court participant. Participants are encouraged to share this handbook with family and friends. Three simple rules will ensure success:

- 1. Show up**
- 2. Try hard**
- 3. Be honest**

VETERANS TREATMENT COURT DESCRIPTION

The WCVTC is a voluntary program with a Project Team dedicated to working with the veteran participant to guide him/her towards successful completion of the program. The Project Team includes the Judge, Defense Attorney, Prosecutor, Program Coordinator, Case Manager, Mental Health Professionals, Mentor Coordinator, and the Veterans Justice Outreach Specialist (VJO). Veterans will be provided with referrals for services needed to begin implementation of their Plans and will be scheduled for a series of Court appearances to monitor and reinforce their progress towards meeting the objectives of their Treatment and completion of the Phases in the Court Program. Once the objectives have been successfully met, the Veteran will graduate from the Program.

The Court Program has two tracks available for Veterans who are charged with a crime that may be related to or resulting from their military service. The two tracks available are the Pre-trial Diversion Track or the Probation Track. The Court Program may offer Veterans an opportunity to avoid prosecution and a criminal conviction if eligible for the Pre-Trial Diversion Track. The track will be determined by reviewing the nature of the arrest and the Veteran will be informed of the track available to them prior to their decision to participate in the Court.

Participants in the Court Program will be assessed for psychological, chemical dependency, and other issues that can be addressed through various types of treatment and supportive services. The assessment of the Veteran will be done by the VA, or another licensed mental health treatment provider (Treatment Provider) of the Veterans choice. A Treatment Plan will be developed by the Treatment Provider and the Veteran after completion of the assessment. The Treatment Plan may be revised while the Veteran is enrolled in the Court Program, in order to meet the individualized needs of the Veteran, as treatment progresses, and information becomes available.

A Case Plan will also be created after the Veteran completes an evidenced-based Texas Risk Assessment with the Case Manager. The Case Plan will allow the Veteran input on individualized goals that they would like to achieve while in the Court Program. Some of these goals may include assisting the participating Veteran with obtaining employment, education, VA benefits, and health and housing services.

The Treatment and Case Plans (Plans) will be reviewed with the Veteran prior to pleading into the Court Program. After pleading into the Court, the Veteran will again review their Plans with their Case Manager prior to signing the Plans and beginning their Court Program. The Veteran will review the Plans with the Case Manager again after completion of Phase 2 of the program.

MISSION STATEMENT

The Mission of the Williamson County Veterans Treatment Court (WCVTC) is to enhance public safety and empower veterans to be productive members of the community by providing a judicially supervised, therapeutic Court that ensures accountability and recovery.

ELIGIBILITY CRITERIA FOR PARTICIPATION

The WCVTC accepts all military branches-including reserves, National Guard and Active Duty Military service members who are charged with a crime in Williamson County and the crime charged is appropriate for the Veterans Treatment Court.

The criteria for eligibility include the following:

- You must be at least 18 years of age.
- You have received an honorable or general under honorable conditions discharge. Other discharge conditions are considered on a case by case basis.
- You have received a mental health diagnosis that has materially affected your criminal conduct for which you are being charged OR considering the circumstances of your conduct, personal and social background, and criminal history the WCVTC is likely to achieve the objective of ensuring the public safety through rehabilitation of the veteran in the manner provided by Texas Penal Code, Section 1.02 (1).

PROCESS

The Veteran will submit to the Veterans Treatment Court an application for consideration into the VTC. Admissions to The WCVTC is not automatic and assistance with an attorney in preparing your application is recommended, but not required.

Completed applications, a copy of your DD214 or Orders, and a Release of Information is submitted to the Court Coordinator and forwarded to the County Attorney's Office for review to determine your eligibility based upon criminal history and current charges. The Court Coordinator will meet with you to go over the requirements of the WCVTC. The VJO will meet with you to schedule substance abuse and/or mental health evaluations, if you have not already completed them, and develop an individualized treatment plan with you.

If program criteria are met and you are accepted into the VTC your case will be transferred to the Veterans Treatment Court.

PROGRAM LENGTH

The Veterans Court Program is minimally a 12-month Program that is broken up into five Phases. The exact length of time in the Program is determined by each Participant's needs, progress towards successful implementation of the Veteran's Treatment and Plans, nature of the offense, and arrest history.

COURT SESSIONS

Court is held the 1st and 3rd Thursdays of the month in County Court at Law #2 located at 405 Martin Luther King St., Georgetown, Texas. There are two veteran court dockets – one at 2:00 p.m. and one at 4:00 p.m.

SUPERVISION

You will be required to appear in court for progress reviews. The Judge will be given a progress report prepared by your case manager/community supervision officer, with input from the Project Team, regarding your performance in the program. If you are doing well, you will be encouraged to continue with the program, and to work with your project team toward success. If you are not doing well, the Judge will discuss this with you and the project team, and further action will be determined.

PROGRAM RULES

1. **Attend all ordered treatment sessions** - This includes individual and group counseling, educational sessions, doctor appointments, recovery support/self-help meetings, and any other treatment requirements.
2. **Report to your Probation Officer as directed** - You must comply with all conditions of probation as directed by your Probation Officer. You must also notify your Probation Officer prior to any change in residence. If you are unable to report as directed, contact your Probation Officer immediately.
3. **Submit to drug and alcohol testing** - Sobriety is a primary focus of this program. Maintaining a lifestyle free of drugs and alcohol is very important in your recovery process. Do not use or possess any drugs or alcohol. You must be prepared to provide a urine sample at each visit to the VA and Probation. If you fail to provide a monitored urine sample, this will be considered a positive drug test. You must notify your project team of any prescription or over-the-counter medication or supplements prior to taking any unless it is a medical emergency.
4. **Be on time to all appointments including court appearances** - If you are late for a counseling session or testing, you may not be allowed to participate or test and will be considered non-compliant.

PROGRAM FEES

All WCVTC clients are required to pay a minimum program fee as mandated by the WCVTC Judge. Each client will be required to pay \$250.00 program fee, which will be made in monthly payments towards the cost of the program operations. All program fees must be paid in full to fulfill the requirements for graduation unless otherwise ordered by the WCVTC Judge. If clients are unable to afford the program fee the Probation Officer will assist the client in arranging community service in lieu of the program fee upon approval from the Judge.

In addition, as a participant on Track 2 probation, you will be required to pay the cost of probation supervision, which is \$40.00 a month. Payments will be made directly to the Probation Department. Treatment providers and/or residential treatment programs may also impose their own fees on a sliding scale. No one will be refused services due to an inability to pay.

DRUG TESTING

You will be tested for drug and alcohol use at random times throughout the entire treatment process. During Phase 1 through 4, you will be tested a minimum of two times weekly. Once you advance to Phase 5, you may be tested less frequently. Additionally, you may be required to wear a drug test patch (a 24-hour drug testing device). The Judge will have access to all drug test results, including any failures to test, and may order a drug test at any time. Relapse may occur in recovery; however, a positive, dilute, or missed test will result in a court-imposed sanction. Tampering with any drug test will be deemed a positive test.

TREATMENT

The treatment team will assess what level of treatment will best meet your needs and recommend to the Judge that you receive either outpatient or residential treatment. If you are admitted to a residential treatment program, your treatment plan will include the requirements of that program. Upon release from a residential program, you will continue your participation in the program as directed by the Judge and project team. If you are not admitted into a residential treatment program, you will participate in a multi-component, outpatient program developed through the VA, the Local Mental Health Authority, or private provider, which includes developing a treatment plan, drug testing, counseling, recovery support services, recovery support/self-help meetings, and working with your mentor.

COUNSELING

Counseling is comprised of two separate formats: individual and group. As part of your treatment plan, you will be required to participate in both types of counseling, if it is appropriate. You may be required to attend additional treatment such as Post Traumatic Stress (PTS) groups, Traumatic Brain Injury (TBI) treatment, anger management, parenting classes, or any other topic the treatment team recognizes as needed. Your attendance at both individual and group counseling sessions will be reported to the Judge as part of your progress report. You must have prior permission from your VA case manager or private provider to be excused from any counseling sessions.

RECOVERY / SELF-HELP MEETINGS

You may be required to attend recovery support/self-help meetings. The frequency of required attendance is determined by your progress in the program and your phase level. Attendance is an important part of the recovery process. The meetings will familiarize you with the recovery support/self-help philosophy and help you to create social bonds with other recovering addicts. Your treatment team will provide you with information regarding the time and location of these meetings and will also direct you to special interest and recovery events in your community. You must provide proof of attendance to your case manager/community supervision officer prior to each court appearance.

MENTOR PROGRAM

You will be assigned a volunteer veteran mentor from the community to support your efforts to create a better life. The goal of the mentor is to act as an ally and friend, and help fellow Veterans successfully readjust to civilian life.
