

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

Williamson County was awarded CDBG funds in the amount of \$1,414,580 for Fiscal Year 2018 (October 1, 2018 through September 30, 2019). The County also reallocated \$351,954 from previously funded projects that are complet or did not utilize funding. In total the County allocated \$1,766,534.95 in the FY18 Annual Action Plan. In accordance to the priorities identified and outlined in the County's Consolidated Plan, six infrastructure projects and two public facilities projects were identified for FY18 allocations. The projects serve low to moderate income areas and households throughout the County. The projects meet national goals and supports ongoing efforts in the community to address the growing population. All projects are identified as a high priority in the Five-Year Consolidated Plan.

The County's Strategic Plan outlines the following as high priority projects.

Public Facility and Infrastructure Improvements

- Fund non-housing community development proposals that eliminate a threat to public health and safety to include water/sewer projects, drainage projects, sidewalks, and street improvements. Fund public facility improvements that benefit low income households and persons, and persons with special needs to include senior centers, neighborhood facilities, youth centers, homeless facilities, childcare centers, parks and recreational facilities.

Increase Access to Affordable Housing

- Fund activities that expand the supply and improve the condition of housing affordable to lower income households. Fund activities that leverage other public and private resources such as Low Income Tax Credit Projects. Extend the useful life of existing affordable housing through weatherization, repair, and rehabilitation programs.

Decrease Homelessness

- Provide funds to support shelter operations and transitional housing. Provide funding to increase permanent supportive housing

opportunities and work to create a stronger network of providers of supportive and mainstream services to homeless clients.

Public Services

- Fund projects that provide supportive services to low and moderate income household as well as persons with special needs. Support efforts to develop a regional social service collaborative to coordinate the work of social service organizations, disseminate news and information, and eliminate duplication of effort.

Affirmatively Further Fair Housing

- Support improved access to community resources. Continue to operate in compliance with protected class definitions found in federal regulations.

The Consolidated Annual Performance and Evaluation Report (CAPER) is required by the U.S. Department of Housing and Urban Development (HUD) to report on the annual performance of the Williamson County FY18 CDBG program. This report identifies the progress made regarding active projects and those projects that have been completed that received Williamson County funds, as well as other accomplishments the County has made in meeting the objectives and priorities outlined in the five year Consolidated Plan. Project progress can be found in the attachment section of this document. See FY18 Funded Project Information and Previously Funded Project Information.

It is required that this report be available for review for a minimum of 15 days. The review period is November 27 – December 13, 2019. The CAPER will be submitted to HUD following this review period.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

All activities funded are identified as High Priority projects. Please see attached documents outlining projects funded and progress in 2018 (FY18 Funded Project Information and Previously Funded Project Information).

Program Administration 5%

Williamson County does not allocate CDBG funds based on identified target areas. The County receives applications for funding from participating cities and local organizations for projects that fit within the County's priorities. Applications are reviewed by the Community Development Administrator who then makes a recommendation to Commissioners Court based on need and funding allocation. Commissioners Court reviews the recommendation and either approves or requests modifications.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Matching funds are not required in the CDBG program.

The following are leveraged funds per FY18 project:

City of Weir \$347,000

City of Taylor \$411,292

City of Granger \$11,000

City of Liberty Hill \$331,000

These funds are private, state or local funds.

Williamson County does not use publicly owned land or property to address identified needs. Williamson County does not receive HOME or ESG funds.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The Georgetown Housing Authority will modernization of 158 dwelling buildings, office/community building, management/maintenance buildings, gazebos and fences. Rehab of entries by removing deteriorated wood on fascia boards, trim, soffits, wood siding, wood fencing and paint exterior surfaces. Project to take place at the Georgetown Housing Authority Stonehaven location. Project is being planned with a 2019 funded sewer project for the property. Project is expected to begin early 2020.

The Williamson County Habitat for Humanity is currently in progress to produce three new units. One income qualified family purchased a CDBG Habitat home in 2019.

The Taylor Housing Authority has assisted one family with home ownership. The organization is working to identify additional income qualified families to assist.

Discuss how these outcomes will impact future annual action plans.

The County will continue to monitor projects to ensure timely expenditures of funds allocated. The nature of these projects creates the potential for delay. However, these are high priority projects needed throughout the County. Local organizations are reviewing ways to increase affordability to low-income families.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	0
Low-income	1	0
Moderate-income	1	0
Total	2	0

Table 7 – Number of Households Served

Narrative Information

The Taylor Housing Authority assisted one white/Hispanic family that is low income with down payment assistance. Additional families are being identified to receive this assistance. However, identifying affordable properties and qualified families continues to be difficult. The County has adjusted the amount of assistance available per household to alleviate the cost burden.

One income qualified family purchased a CDBG Habitat home in 2019.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The County participated in the Central Texas Fair Housing consortium. The full report can be found at <http://centraltexasfairhousing.org/report/>.

The Georgetown Housing Authority rehabilitation project will repair approximately 158 units housing extremely low income households.

The County supports the efforts of the Balance of State Continuum of Care (CoC) to simplify and broaden outreach and assessment efforts for homeless persons in Williamson County. The Continuum works to create a better communication system for service providers to stay in contact with both schools and hospitals to avoid homeless persons (or those at risk of homelessness) from falling through the cracks of the system. As part of the annual point-in-time count, the CoC conducts outreach. Not only are homeless people counted, particularly unsheltered persons, but representatives from various agencies are available to answer questions and provide information about available resources.

The County continues to support local social service agencies, such as Capital Idea, San Gabriel Crisis Service Center, Bluebonnet Trails, MHMR and the Georgetown Project that provide a wide array of support services for homeless persons. Examples of support include, but are not limited to, employees serving as board members, collaboration during special projects, and public recognition of services provided.

Another organization addressing homelessness is the Georgetown Project. The Georgetown Project opened the NEST in 2011 as an outreach to Georgetown ISD teens in 9th-12th grade that were homeless or living in transition. The NEST Program now includes The NEST Host Home, an overnight safe haven for youth living in transition, and The NEST Empowerment Center, an after school safe haven for all Georgetown ISD high school teens who are in need of free resources.

The Georgetown Health Foundation awards grants to organizations that focus on sustaining and strengthening safety net services for children, youth, elders, and families who are low-income and/or have significant need. This includes sustain and enhance basic needs services, emergency financial assistance, housing, support emergency shelter initiatives for youth, and increase access to affordable, quality child care and out-of-school care.

Addressing the emergency shelter and transitional housing needs of homeless persons

The CDBG Program Administrator participates in the Williamson County Homeless Coalition. The coalition is made up of local organizations who assist the homeless. The group is meeting to discuss how better to address the homeless population in Williamson County.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Georgetown Housing Authority will utilize funding to rehabilitate approximately 158 existing units. The rehabilitation of these units allows the extremely low income households to remain housed, ultimately, preventing homelessness.

Williamson County has a community resources website that allows people to search online for needed resources such as health care, mental health services, housing, food, and other community resources. The Williamson County Community Resources website was designed to empower residents with information about resources in the Williamson County area so that they can connect with available services. Residents can go to www.wilco.org/communityresources and enter their zip code to search for services near their location. All searches are confidential.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The CDBG Program Administrator participates in the Williamson County Homeless Coalition. The coalition is made up of local organizations who assist the homeless. The group is meeting to discuss how better to address the homeless population in Williamson County.

The Balance of State CoC works to ensure that homeless individuals make the transition to permanent housing and independent living, is prioritizing safe and stable housing and making affordable housing options more accessible to homeless individuals. Many homeless that struggle to transition into permanent housing and independent living suffer from mental illness and substance addiction. Recent trends through the Homeless Prevention and Rapid Re-housing program and Housing First model prioritize placing homeless individuals and families in permanent housing quickly, and then linking them to supportive services in the community. Williamson County continues to support local organizations, such as the Georgetown Project to assist homeless youth with transitional and permanent housing. This

is done through Williamson County Juvenile Services.

Williamson Burnet County Oppotunities (WBCO) provides services such emergency assistance, headstart, case management to transition out of poverty, adult education program for job skills, and rapid re-housing program.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

Williamson County's public housing authorities continue to seek additional funding to address public housing needs and apply for additional housing choice vouchers when available. Lack of funding is a barrier in addressing public housing needs and has created lengthy waiting lists and long waiting periods to be housed. Housing authorities continue to provide housing assistance and social service needs to residents and maintain efforts to implement more programs if funding allows.

The Georgetown Public Housing Authority manages Shady Oaks Apartments and Stonehaven Apartments. The Shady Oaks Apartments are Section 8 and offer 60 duplex apartments to qualified residents. The Stonehaven Apartments are public housing and offer 158 housing units to qualified residents. The Georgetown Housing Authority also manages a Section 8 (Housing Choice Voucher) program.

The Georgetown Housing Authority also provides a Family Self Sufficiency Program which is a HUD program that encourages communities to develop local strategies to help families obtain employment that will lead to economic independence and self-sufficiency. They work with welfare agencies, schools, businesses, and other local partners to develop a comprehensive program that gives participating FSS family members the skills and experience to assist them in obtaining employment that pays a living wage and hopefully, enable them to live without any form of public assistance.

The Taylor Housing Authority owns and manages the Mary Olson property and the Avery property. These properties are public housing facilities and offer 46 units and 70 units respectively. The Taylor Housing Authority also administers a Section 8 Housing Choice Voucher program that assists approximately 142 families. The Voucher program is a rental subsidy program where families choose where they want to live (based on certain stipulations) and the rental subsidy is paid to the landlord.

The Taylor Housing Authority was awarded \$100,000 in CDBG funds for their Home Ownership Program to assist income eligible families with purchasing a home. Two families have been assisted to date. The down payment assistance available to families was increased in an effort to make home purchases affordable to income qualified households.

The Granger Housing Authority operates and manages 26 units available to qualified residents.

Williamson County works with the Georgetown Housing Authority to conduct required reviews and approvals in order for the Housing Authority to receive federal funding. All Housing Authorities are invited to participate in the development of the annual action plan and the 5-year consolidated plan. The Williamson County CDBG office assists, as requested, the housing authorities with funding

options and any other needs.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Williamson County does not use CDBG funding directly to encourage public housing residents to become involved in management and to participate in homeownership activities. However, the County encourages the local public housing authorities to continue its current programs and collaborate with other agencies that assist with homeownership. The local Housing Authorities have Resident Commissions on their boards in an effort to encourage participation. Also, all documents requiring public review are provided to local housing authorities.

Actions taken to provide assistance to troubled PHAs

Georgetown Housing Authority, Round Rock Housing Authority, Taylor Housing Authority, and Granger Housing Authority are all standard performers and not considered troubled.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Barriers to affordable housing can encompass a wide array of aspects, to include but not limited to banking, finance, and insurance industry regulations, socio-economic situations, neighborhood conditions, and public policy legislation and fair housing enforcement. The County will continue to work with nonprofit agencies in the community to remove or ameliorate the negative effects (if any) of public policies that serve as barriers to affordable housing.

Additionally, the County will continue to increase partnerships with local units of government to ensure equitable zoning practices as they relate to fair housing and the development of affordable housing.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The major obstacle to meeting all of the identified needs is the lack of funding resources. Typically, applicant request amounts are much higher than the entitlement amount which further escalates the budgetary constraints in meeting the undeserved needs. However, the County continues to partner, when feasible, with other nonprofit organizations to leverage the County's CDBG allocation.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

To the greatest extent practicable, Williamson County works with local agencies to help eliminate the hazard of lead poisoning due to the presence of lead based paint. The County also disseminates information on lead based paint hazards to CDBG subrecipients who receive entitlement funds for housing activities where lead based paint may be an issue.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The County will continue to combat the number of poverty-level families by supporting incentives to attract, retain, and expand businesses, advocate for improved employment-affordable housing options and support organizations and programs that provide job training, education, and placement services.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Williamson County continues to work with various local agencies to ensure that services offered through entitlement grant programs receive maximum amounts of exposure and benefit. These programs are carried out through oversight by the Williamson County Community Development Administrator in which work will be conducted through the issuance of sub-recipient agreements.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

While Williamson County has limited resources to address the priorities identified, the County continues to seek partnerships and establish cooperative working relationships to leverage its annual CDBG allocations. This typically comes in the form of matching city funds (which are not required).

The County also participated in the Central Texas Fair Housing Assessment. The document can be found at <http://centraltexasfairhousing.org/report/>.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The Central Texas Fair Housing Assessment was completed in 2019. Implementation of suggested actions will begin in the 2019 funding cycle.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Community Development Administrator uses monthly progress reports submitted by each project to identify any problems or potential problems. Contact with each project manager assists in ensuring that projects are progressing, following appropriate regulations and utilizing CDBG funds efficiently and effectively. The Community Development Administrator also conducts meetings and/or communicates via email and phone with project managers regarding specifics of projects.

The Community Development Administrator conducts desk monitorings of each project to ensure compliance and progression. Monitorings are ongoing as Williamson County requires all documents to support progress, payment, and reports to be submitted. If file documentation is not submitted, the County will not process payment to a project.

Meeting with representatives from the projects ensures that regulations are being followed. The Community Development Administrator provides HUD guidance, County forms, labor forms and Davis Bacon information, and information on how to access funds.

The Community Development Administrator works closely with the Williamson County Auditors office in an effort to ensure appropriate and accurate financial documents are submitted for payment and that funds are spent in a timely manner. The Community Development Administrator and Grants Accountant work closely to improve procedures and to make certain that current procedures are efficient and adequate. All documents submitted with draw requests are thoroughly examined by the Community Development Administrator to ensure funding is being expended on eligible expenses and that funds are being utilized efficiently. Signatures by the CDBG office, County Judge and the Auditor's office are required and identified on all payment requests.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

All notices are published in local newspapers to inform citizens of public comment periods and public meetings. A 15 day comment period, November 27-December 13, 2019, was provided during the CAPER process. Public meetings are held in conjunction with each phase of the CDBG program to allow for citizen input.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

No changes have been made to the Williamson County CDBG program.

Williamson County does not have an existing Section 108 guaranteed loan program.
