A school bus that was found in Brushy Creek at CR 177 in Williamson County.

CR 279 (Bagdad Road)

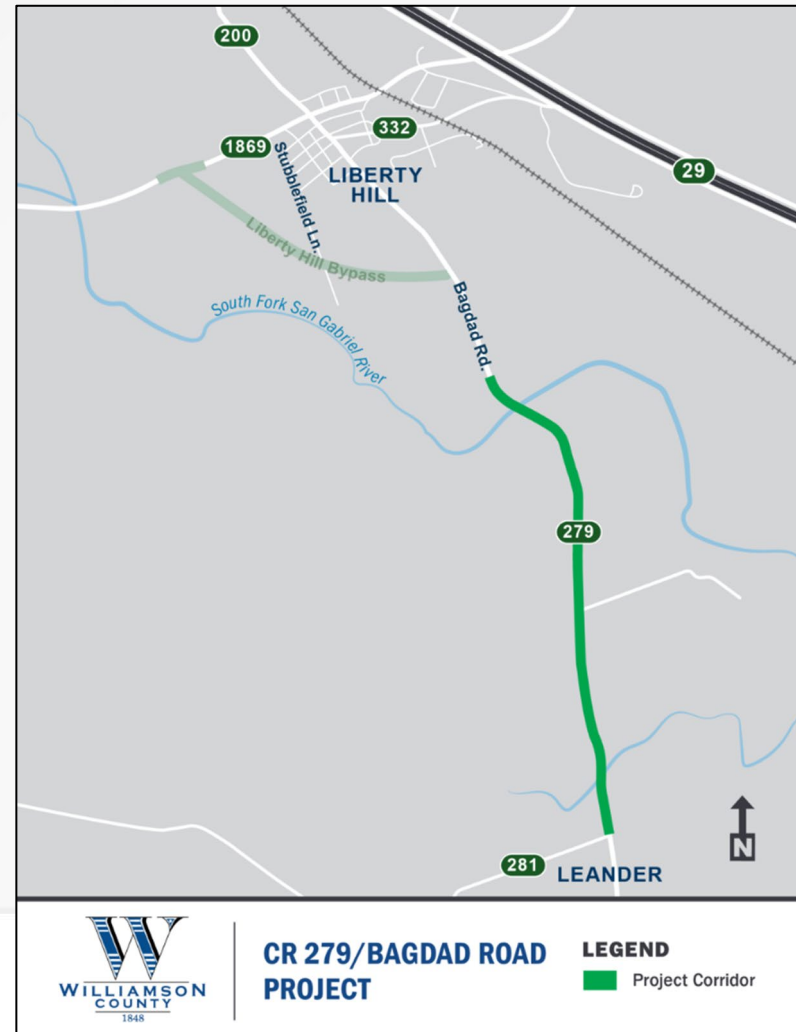

\$25.4 million estimated cost

- 80/20% = \$20.3 million from county, \$5.1 million from city
- Constructs 3-lanes of the future 6-lane road, about 2.4 miles in length
- Continues the widening of Bagdad Road to Northern city limits
- Connects to the current county road project underway

CR 279 (County Project)

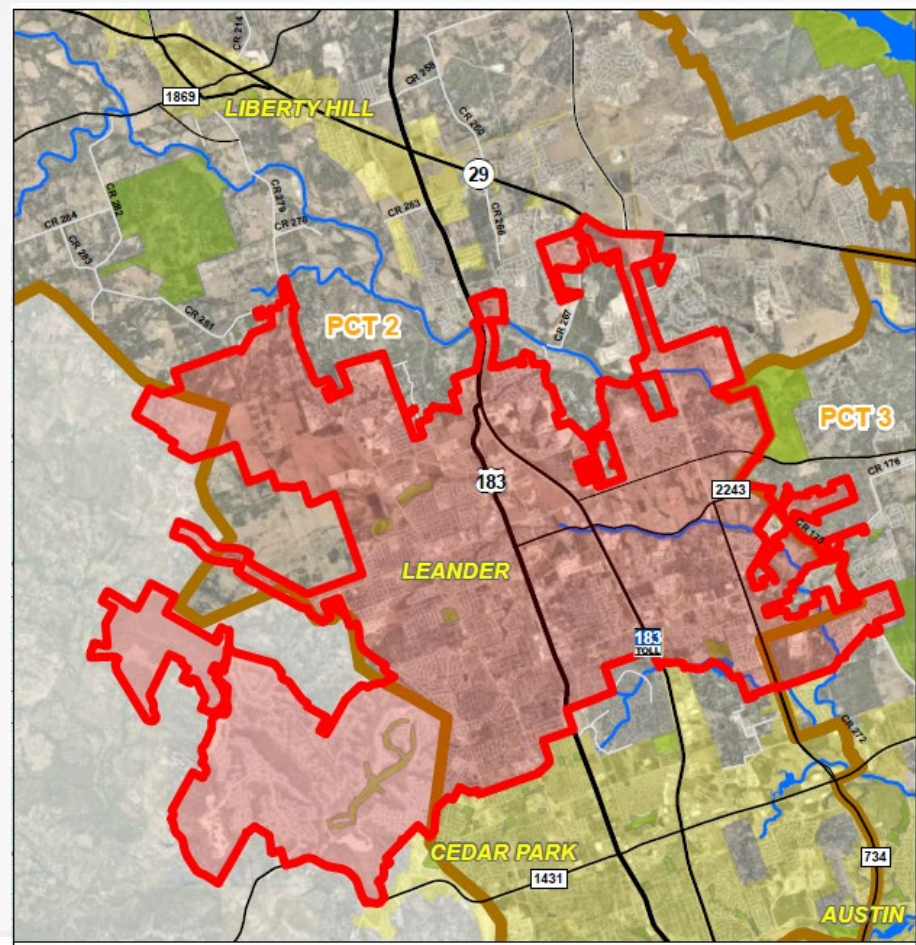

- Engineering designs will be finalized in late Spring 2023.
- The project will be advertised and let in Summer 2023.
- Construction to begin in late Summer 2023.

Stormwater Master Plan

\$500,000 total estimated cost

- 80/20% = \$400K from county, \$100K from city
- City's first Stormwater Master Plan will help fully assess current and future design needs
- Plan will be used to address flooding and stormwater management requirements.
